

ISSUE: Images are still not scaled properly on Order page

localhost:3000/order

The screenshot shows a website for "The Smokemaster". The top navigation bar includes links for HOME, MENU, ORDER, SHIP NATIONWIDE, THE SMOKEMASTER, and CONTACT. A shopping cart icon with a '1' is also present. A banner below the navigation bar says "Order ahead for pickup - Skip the line!". Below this, there are category buttons: All, Blessed Plates, Sandwiches, By The Pound, Sides, and Catering Trays. The main content area features a large image of a meal on a wooden cutting board, consisting of meat, beans, macaroni and cheese, pickles, and a sandwich. Below the image, the text "Gospel Plate" and "\$12.50" are displayed. To the right of the image is an "Order Summary" box. The summary box contains the following information:

Order Summary	
Gospel Plate	<input type="button" value="X"/>
Qty: 1 x \$12.50	
Pickup Date & Time	
11/02/2025	<input type="button" value="Select"/>
Select pickup time	
Special Instructions	
Any special requests?	
Subtotal	\$12.50
Tax	\$1.00
<b>Total</b>	<b>\$13.50</b>
